*WITH LOVE AND PASSION,
IN THE WAY OF OUR GREAT-GRANDFATHER.*

Kaffee André isn't just a name; it's a warm tribute to André De Groote. A true craftsman with golden hands and a deep passion for baking, pastries, chocolate, and ice cream. André was Herman's father, Peter's grandfather, and Zoë's great-grandfather. A passion passed down through generations.

At Kaffee André, we keep André's tradition alive by combining his trusted family recipes with our own passion and love for the craft. Chef Simon, Peter, and assistant chef Pedro combine their culinary talents to create a delicious menu every season. Meanwhile, Zoë, Nathalie, and their team, with their warm presence, create a warm welcome and a homely atmosphere, so everyone feels right at home.

At Kaffee André, everything is homemade, made with love and using top-quality ingredients, sourced as much as possible from our own West Flemish soil. Thanks to our "Short Supply Chain" principle, we buy directly from farmers, strengthening the bond between farmers and consumers. This way, we know exactly where our products come from, allowing us to confidently serve the most delicious dishes!
